### **From the Editor...**

Happy New Year, everyone!

Many things are in the works for the coming months. Check out the information below, as well as our **website** and calendar. Contact Tamara Schmiege if you wish to have something included on the website, or me if you want it added to the calendar. Mark it as a "favorite":

A couple notes about Google calendars for any newbies:

- + *In these calendars it is easier to see the entire year in "Agenda" view, which you select in upper right corner.*
- + *Sometimes Google shows you events in "Agenda" view for only 3 months, click "View more events" at the bottom of the list to view more. You may have to click it a few times to see all the events through May.*

**Tri-State calendar of events** through Google Calendars. Events will be added as information is received. You should be able to view it through this link.

And the calendar for St. Luke's Episcopal (Ft. Collins) music events is at:

If you want something published in the newsletter or calendar, please send it to me **by the 25<sup>th</sup> of the month** READY-TO-PUBLISH FORMAT (so I can just copy/paste without editorial revisions). Include ALL pertinent information: event name, date, time, place (including address), cost, contact information, and additional info as available. I will not seek out additional details, but will only publish what is sent to me. Be sure your information is complete. ~Dennis
